**DWK's Board, Ethics, Accountability, and Transparency (BETA)** practice group is proud to present this webinar as part of its BETA Brown Bags series. Brown Bags are a series of bi-monthly webinars each focused on the practical aspects of a specific board, governance, or transparency topic. The webinars will provide an opportunity for a discussion with experienced DWK attorneys on current topics facing local education agencies, their boards, and staff. While each session will have a specific focus, they will also include time for questions on any governance related matters that attendees would like to discuss.
