

2021 Spring Charter Consortium

DWK EVENT

April 19, 2021

Dannis Woliver Kelley is pleased to present its 2021 Spring Charter Consortium. The consortia are interactive, roundtable-style discussions of critical issues, and provide all participants with a chance to share their own dilemmas, challenges, frustrations and successes with their colleagues, while getting legal answers to pressing questions about charter schools. This year's consortium will be presented virtually but will provide the same great opportunities offered in previous years.

This complimentary consortium will include sessions covering:

- Oversight Issues "Post" Pandemic
- Charter Renewal After AB 1505
- Prop. 39 in the Age of COVID-19

These seminars are designed for superintendents, board members, chief business officers, educational services professionals and district administrators responsible for charter oversight.

This consortium is only open to Charter School Authorizers.

Register now to reserve your spot for this complimentary event.

Monday, April 19, 2021
9:00 a.m. – 11:00 a.m.

REGISTER NOW!
