

DWK Webinar Series: COVID-19 Impact on Construction Contractor Claims

DWK EVENT

Webinar — June 9, 2020

Construction in the COVID-19 ERA

The arrival of COVID-19 has affected school and community college districts in significant ways. DWK's three-part webinar series investigates how COVID-19 affects different aspects of district construction projects – from planning to related property, environmental, and regulatory issues to contractor claims. Join our panelists as they discuss the impacts of COVID-19 and strategies for effectively resolving those impacts. Register for one or all. Don't miss out!

COVID-19 Impact on Construction Contractor Claims

This webinar will cover contractor claims in the COVID-19 era. We will focus on how COVID-19 is impacting claims and the claims process right now, and will identify the issues we expect to see as projects continue. The panel will discuss strategies for effectively managing and resolving unique COVID-19 force majeure issues, and contractor claims for time and money more generally.

Who Should Attend?

Superintendents; Presidents/Chancellors; Vice Presidents; Chief Business Officials/Chief Operations Officers/Assistant Superintendents, Business Services; General Counsel; Directors of Facilities; and Directors of Maintenance and Operations
